The 16th International Conference on  
Islamic Economics and Finance  
Islamic Financial Industry  
After Fifty Years of Practice

# Letter of Gratitude and Appreciation

**To the Esteemed Members of the Scientific Committee of the 16th International  
Conference on Islamic Economics and Finance**

*Dear Professors and Researchers,*

With great respect and deep appreciation, I extend my heartfelt thanks to each and every one of you for your invaluable contribution as members of the scientific committee of the 16th International Conference on Economics and Islamic Finance, held from May 13 to 15, 2025, at the University of Setif 1, Algeria.

Your participation from outside the country was a significant added value — not only in terms of your esteemed academic standing, but also in the depth of insight, methodological rigor, and high standards you brought to the evaluation of research submissions and the shaping of the conference's scientific direction.

Despite geographic distances and time zone differences, you exemplified the spirit of committed scholars — dedicated to the advancement of knowledge, and to the promotion of collaboration across borders in the service of Islamic economics and finance.

Your expert reviews, constructive feedback, and thoughtful guidance ensured that the conference maintained the highest level of academic quality and relevance. You played a vital role in fostering a global intellectual space for dialogue, reflection, and foresight on the future of Islamic finance after five decades of practice.

On behalf of the organizing committee, our faculty, and myself personally, I express our profound gratitude and pride in your contribution. We look forward to strengthening our academic partnership and building further bridges of scholarly cooperation.

May Allah bless your efforts and grant you continued success in your academic and professional endeavors.

With sincere appreciation and respect,

**Prof. Chaouki Bourakba**

Chairman of the 16th International Conference on Islamic Economics and Finance

Dean of Faculty of Economics, Commerce and Management Sciences, Setif 1 University – Algeria.
